

English Enhancement

P.2 English Enhancement Class

Primary 2 English Enhancement Class is held on Thursday after school. It is aimed at fostering students' work and learning and complementing their daily English lessons. Students progress from reading to writing. In each theme, teacher introduces a reading text to students. We analyze the text with discussion and end up with a writing task. Students enjoy the class as they can apply what they have learnt in the Enhancement Class.

P.3 English Enhancement Class

This year, P3 enhancement Class aims to focus on student's writing and speaking skills on their daily life. Our intension lies on the creativity and the motivation Students use free-writing, mind map and other strategies to gather ideas for writing preparation, and they are encouraged to create the writing based on their experiences and feelings. Meanwhile, speaking activities are also a part of the element during the classes. Through these activities, we hope our students can feel more confident to express themselves through English.

P.4 English Enhancement Class

This school year, the teacher introduces the features of different text types. We aim at enriching students' understanding of each text type as well as introducing the reading strategies such as 'Predicting', 'Inferring' and 'Summarising'. The follow-up exercises also reinforce students' learning of the reading skills. On the other hand, students have some practices on writing by using a story planner to brainstorm ideas. It helps enhancing student's writing skill.

Group discussion helps us brainstorm ideas.

Let's work hard on our writing.

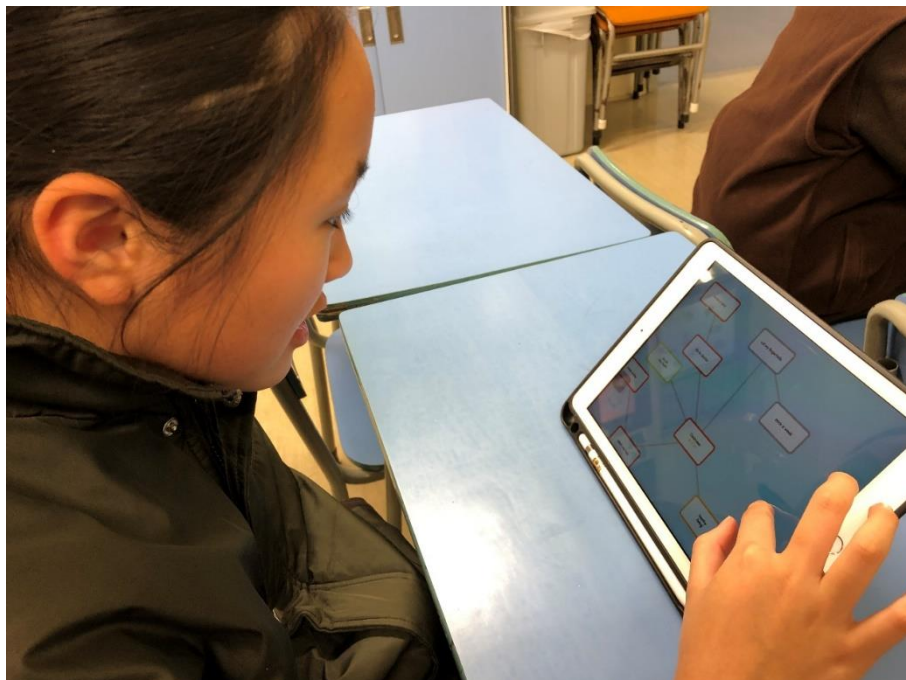

Doing comprehension exercises is not difficult.

P.5 English Enhancement Class

Our Enhancement class aims to equip students with reading and writing skills. Students learn different texts with different features by using various reading strategies. Besides, students finish different writing tasks in order to expose their ideas and stimulate their creativity. Through group discussion, organizing ideas by graphic organizer and peer checking, students develop their writing skill and raise their confidence in writing.

We are making our own stories.

Graphic organizer helps me a lot!

We like sharing our ideas.
