

English Drama

Sean O'Casey, who was an Irish dramatist, once said, 'All the world's a stage and most of us are desperately unrehearsed.'

We all, including students of different levels, are actually actresses and actors. However, they might not know their talents and capability in drama. Therefore, we prepare a variety of activities and training to develop students from Primary 3 to Primary 6 this year. At the same time, we want our students to enjoy acting and performing in a drama. Hence, the very first step we do in Drama is to let students voice out their thoughts. We welcome creativity. Students amend the scripts, add and delete things. They even make their own props. As a result, they enjoy what they do because it is their product! Do you look forward to their show? Let's wait and see!

Let's make the props ourselves!

Let me do it!

I can make it!

See! This is my axe!

Let me cut the tree down!
